

Conference on Simulation-Based Inference in Econometrics: Methods and Applications November 17–18, 1995 Attendees

Patrick Bajari
University of Minnesota

Bill Brown
Rice University

Rodolfo Buerrero
University of Minnesota

Fabio Canova
Universitat Pompeu Fabra

B. J. Christensen
Cornell University

Carlos Diaz-Moreno
University of Minnesota

John Geweke
Federal Reserve Bank of Minneapolis
and University of Minnesota

Gautam Gowrisankaran
Federal Reserve Bank of Minneapolis
and University of Minnesota

Edward Green
Federal Reserve Bank of Minneapolis

Vassilis Hajivassiliou
Columbia University

Hwikwon Ham
University of Minnesota

Thomas Holmes
Federal Reserve Bank of Minneapolis
and University of Minnesota

Merrell Hora
University of Minnesota

Daniel Houser
University of Minnesota

Jian Hu
University of Minnesota

Susumu Imai
University of Minnesota

Ravi Jagannathan
Federal Reserve Bank of Minneapolis
and University of Minnesota

Michael Keane
Federal Reserve Bank of Minneapolis
and University of Minnesota

Wonshik Kim
University of Minnesota

Yuichi Kitamura
University of Minnesota

John Landon-Lane
University of Minnesota

Zheng Liu
University of Minnesota

Robert Mariano
University of Pennsylvania

Vance Martin
University of Melbourne

Ellen McGrattan
Federal Reserve Bank of Minneapolis

Antonio Merlo
Federal Reserve Bank of Minneapolis
and University of Minnesota

Eva Ortega
European University Institute

Arnie Quinn
University of Minnesota

Eric Renault
University of Montreal

Jean-Francois Richard
University of Pittsburgh

Arthur J. Rolnick
Federal Reserve Bank of Minneapolis

Peter Rossi
University of Chicago

David Runkle
Federal Reserve Bank of Minneapolis
and University of Minnesota

Til Schuermann
AT&T Bell Laboratories

Matthew Shapiro
Federal Reserve Bank of Minneapolis
and University of Michigan

Charles Shi
University of Minnesota

Steven Stern
University of Virginia

H. Tanizaki
Kobe University

Gary TeSelle
University of Minnesota

Wei Zhang
University of Pittsburgh
